

REMARKS/ARGUMENTS

This paper is being filed in response to the outstanding Official Action dated 29 January 2007. Apparently the Application as filed inadvertently left out the paragraph in the Brief Description of the Drawings relating to Fig. 6.

Fig. 6 is a "prior art" device and by this Amendment has now been properly provided in the Brief Description of the Drawings.

No new subject matter has been added.

An Annex to this Amendment is provided with a copy of the Notice of Drawing Inconsistency with the Specification.

It is now believed that the subject Patent Application has been corrected for issuance purposes.

Respectfully submitted,
For: ROSENBERG, KLEIN & LEE
